THE WONDERFUL CURES
Per-
form-
ed by
Dr.
SWAYNE'S
Compound
Syrup
of Wild
Cherry,
in
Pulmonary
CONSUMPTION,
have excited the
astonishment of all who have wit-
nessed its marvellous effects; there is
no account of a medicine, from the earliest
ages furnishing a parallel; the almost
miraculous cures effected by this
extraordinary medicine, are un-
precedented. One among
the many certificates
may be seen
below.

Dr. SWAYNE—Dear Sir:
PERMIT me to take the liberty of writing to you at this time to express my approbation, and to recommend to the attention of heads of families and others your invaluable medicine—the Compound Syrup of Wild Cherry, in Pulmonary Consumption. In my travels of late, I have seen, in a great many instances, the wonderful effects of your medicine in relieving children of very obstinate complaints, such as Coughing, Wheezing, Choking of Phlegm, Asthmatic attacks, &c. I should not have written this letter, however, at present, although I have felt it my duty to add my testimony to it for some time, had it not been for a late instance where the medicine above alluded to was instrumental in restoring to perfect health an "only child," whose case was almost hopeless, in a family of my acquaintance. "I thank Heaven," said the delectable mother, "my child is saved from the jaws of death!" and I now say and believe that, beyond all doubt, Dr. Swayne's Compound Syrup of Wild Cherry is the most valuable medicine in this or any other country. I am certain I have witnessed more than one hundred cases where it has been attended with complete success. I am using it myself in an obstinate attack of Bronchitis, in which it proved effectual in an exceedingly short time, considering the severity of the case. I can recommend it in the fullest confidence of its superior virtues; I would advise that no family should be without it; it is very pleasant and always beneficial—worth double, and often ten times its price. The public are assured there is no quackery about it.
R. JACKSON, D.D.
Formerly Pastor
of the First Presbyterian Church, N.Y.
In districts where Calomel and Quinine have been too freely made use of in bilious complaints, &c., Dr. Swayne's Compound Syrup of Wild Cherry, will prevent their evil effects on the system, and act as a strengthening alternative and improve the bilious functions.

CAUTION.—All preparations from this valuable tree, except the original Dr. Swayne's Compound Syrup of Wild Cherry, are fictitious and counterfeit. Prepared only by Dr. Swayne, whose office is now removed to N. W. corner of Eighth and Race streets, Philadelphia.
Sold by Wm. Stabler & Co., in Alexandria; G. M. Sotheron, in Georgetown; John Hann, Point of Rocks, Md.; the Rev. Isaac P. Cook, No. 52, Baltimore st., and J. W. & R. W. Davis, Baltimore, Md.; E. J. Stansbury, Annapolis, Md.; and by

DYSPEPSIA.—To soothe the sufferings of humanity, to ameliorate the pangs of disease, is the grand object of medical science. This is efficiently demonstrated in the healing virtues of DR. BENJAMIN BRANDRETH'S PILLS. The cures effected by this medicine would fill volumes.
Views on indigestion as a source of undefined and irregular Nervous Sensations.
"Ill, small at first, grow larger from delay, And slowly eat their sad and cankering way; Thus by successive throes, the frame is torn, Till health and peace of mind alike are gone."
The nerves of the human body—those necessary and mysterious agents which immediately connect man with external nature—are singularly prone to have their functions disordered by an oppressed condition of the stomach; the minute termination of that portion of the nerves expanded upon the organs of digestion conveying the morbid impression to the Brain. And although the Head can, undoubtedly, like other organs, be the seat of primary disorder, yet, in the great majority of cases, the uneasy sensations there experienced are symptomatic of disordered stomach; and, further, there is abundant evidence to prove that crudities in the stomach and bowels can, in every grade of human existence, give rise to spasmodic action in every organ of the body; and whether we survey it in the agonizing form of the Tic Doloréux—the alarming convulsions of the Epileptic seizure—or in the irritable condition of the nerves of the heart occasioning nervous palpitation—they can all frequently be traced to the source above mentioned, and be cured by mild evacuant and tonic remedies. To relieve a state of so much suffering and distress (in which body and mind also participate) BRANDRETH'S PILLS are confidently recommended; as, by combining aromatic tonic and cleaning properties, they remove all oppressive accumulations, strengthen the stomach, induce a healthy appetite, and impart tranquility to the nervous system; and in fact, by their general purifying power upon the blood, exert a most beneficial influence in all cases of disease.—Read the following:

DYSPEPSIA CURED.
BENNINGTON, Vt. Dec. 5th, 1843.
Dear Sir:—I wish to add my testimony to the host of others that you have in favor of your valuable pills. In the year 1838, I was attacked with that disagreeable complaint the Dyspepsia, which so affected me that I could not take a particle of food, without the most unpleasant and uncomfortable sensations in my chest, head and bowels. My chest was so sore that I could not bear the slightest pressure without giving me pain. My health was most miserable; many physicians told me they thought I was in the consumption, and that if I did not give up my business, and change climate, I could live but a short time. I tried every thing in the shape of medicine, and consulted the most skillful physicians, but found no permanent relief. I became discouraged, gloomy, sad, and sick of life; and, probably, ere this, should have been in my grave, had I not felt in with your precious medicine. A friend of mine, who had been sick of the same complaint, advised me to try your pills; but having tried most other medicines without obtaining any relief, had but little faith that your pills would be of benefit to me; but, at his earnest solicitation, I procured a box and commenced taking them.
The first box produced little or no effect, and I began to despond, for fear that your medicine would prove like others I have taken; but my friends argued that one was not a fair trial, and I purchased a second, and before I had taken the whole box I began to experience a change; the pain in my chest began to be less painful, and my food did not distress me so much as formerly. I went on taking them until I had taken six boxes, and my Dyspepsia was gone, and I felt like a "new creature." I was then, and am now a healthy man. I have never since been troubled with the Dyspepsia. I have administered your pills to the members of my family, and to my friends, and in all cases with good success. You can publish this if it will be of any use to you. I am, dear Sir, truly yours,
J. I. COOK,

DR. TAYLOR'S BALSAM OF LIVERWORT, prepared at 375 Bowery, New York, is justly celebrated as the most wonderful curative of pulmonary diseases in the whole range of pharmacy, some of our most respectable physicians use it in their practice, prescribing it as the best of all remedies for pulmonary complaints and physical debility, and they unhesitatingly recommend it to be kept in every family of a consumptive tendency. It is universally received as one of the standard medicines of the day. The great merit of Dr. Taylor's Balsam is, that in all cases of pulmonary complaints it gives immediate relief. A single bottle will, in most cases, reveal its astonishing virtues, and open at once the fountain of health and strength to the afflicted. Read the following certificate:
"Being constitutionally predisposed to Consumption, (a number of my family having died with this disease) and having suffered from irritation of the Lungs, accompanied with cough and raising matter and blood, together with severe pain in my side and breast, till I was supposed to be beyond recovery, I was induced by advice of Dr. Perkins, as a last resort, to try 'Taylor's Balsam of Liverwort.' I have taken five bottles in all. I began to improve with the first bottle, and while taking the third, was so far recovered as to be able to get about. Since which time, by continued use of it, I am quite restored, and able to attend to my usual business. To persons suffering from coughs and affections of the Lungs, I do earnestly recommend it."
(Signed)
"JAS. C. SCOTT."
ELIZABETH CITY, N. C. Dec. 16, 1842.
Observe—The only genuine Taylor's Balsam of Liverwort has an engraved label around each bottle, with the signature of Dr. Gordon J. Leeds, attached, to prevent counterfeits. In order to be certain of obtaining the genuine article, purchase only at the original office, 375 Bowery.

HOARHOUD CANDY.—The subscriber has recently been appointed agent for the sale of Pease's Hoarhound Candy. He could speak from personal knowledge of its beneficial effects in cases of severe cold, coughs, &c., but, lest he may be deemed an interested witness, he adduces the following, among numerous other testimonies, to the same import:
Hermitage, April 17, 1843.

I have the pleasure to acknowledge your kind favor of the 1st ultimo, by the hand of my friend, Mr. J. Armstrong, and with it your most esteemed present, a package of your Hoarhound Candy, for which I receive my sincere thanks. I can only add, that many thousands receive from its use as much benefit as I have done, then will its inventor go down to posterity as one of its benefactors.
I am gentlemen, very respectfully,
Your friend and obd't serv't,
ANDREW JACKSON.

Messrs. Pease & Sons.
Washington, April 6, 1843.

The President desires me to return Messrs. Pease & Sons his acknowledgments and very sincere thanks for the box of Candy received at their hands. He has used it with much benefit to himself, as a remedy for cold and cough. I am, with very much respect,
JOHN TYLER, jr., Private Secretary.

Albany, May 18, 1843.
Gentlemen: You will pardon me for the delay in replying to your letter of the 14th ultimo, and acknowledging the receipt of a box of your Clarified Essence of Hoarhound Candy.

Allow me to thank you for this kind respect, and to express the hope that you will be liberally patronized in your efforts for the public. The article is got up in beautiful style, and is highly commended by those who have had occasion to use it.
Your obd't serv't,
Messrs. Pease & Sons. WM. C. BOUCK.

City Hall, New York, June 27, 1843.
Messrs: I have repeatedly used your Candy for coughs and colds, and always found relief, but official duties prevented me from writing to you before. But as I have lately been cured of the influenza, I cannot withhold from recommending the same to the public.
I am yours, truly,
ROBT. H. MORRIS.
Messrs. Pease & Sons, 45 Division street.

Lindenwald, Oct. 14, 1843.
Gentlemen: I have to thank you for the box of your, I doubt not, justly celebrated Clarified Essence of Hoarhound Candy, and also for the very obliging terms in which you have been pleased to present it. I have not, I am happy to inform you, as yet had occasion to use it, but will do so when necessary, with a confidence in its efficacy which is well warranted by the experience of others.
Very respectfully, your obedient servant,
M. VAN BUREN.

After all, the best recommendation of it is a personal application which he invites those afflicted with coughs and all public speakers to make. He will keep a constant supply at his Family Grocery Store, on 7th street, nearly opposite the Patriotic Bank.

SOUTH AMERICAN NATIVE SOAP, EL XABON LIQUIDO.—It gives a rich glossy appearance to the Hair! is a superior wash for the Teeth! and removes from Silks, Woollens, and other cloths, Oil, Grease, Stains, and the brown rusty look, (common to silk,) &c., &c.
In confirmation of the above, we are enabled to present the two following letters:

"VALPARAISO, Jan. 20, 1838.
"Sir: The 'Xabon Liquido' is applied by the natives and foreigners of South America, in cleansing woollen cloths, and the ladies use it to wash their hair. In both instances it is of very general use and greatly esteemed. It imparts an appearance of freshness and glossiness in the former case, that cloth does not possess even originally, and in the latter produces a brightness and richness that the hair no where else exhibits, and I should judge from its beautiful growth also promotes its increase. It will be a valuable article to introduce among your countrymen for the purposes above stated, and must, when fully tested, become one of universal merit. I appreciate its great usefulness from actual experience of its benefits.
"Very respectfully, your obedient servant,
T. L."

"BALTIMORE, Nov. 9, 1838.
"Sir: Agreeable to your request I would cheerfully certify that the 'South American Soap' is universally used by the natives for cleansing the hair, skin, &c. Also for washing clothes. They value it mostly on account of its giving to the hair a silky appearance. Both my family and self use it constantly as a delightful wash for the hair and skin.
"Yours truly
STEPHEN SMITH."

The following certificate from some of our most distinguished Dentists, will amply establish its superiority as a tooth wash:
"Having been made acquainted with the analysis of the South American Native Soap, El Xabon Liquido, we can with safety, recommend it as an excellent detergent wash for the teeth and mouth. It contains nothing, so far as ascertained, that can injure the teeth; but, on the contrary, by uniting with an acid that is almost constantly being generated in the mouth, may be regarded as tending to their preservation.

IMPORTANT DISCOVERY.—Richardson's Celebrated American Panacea, for the cure of the following diseases, to wit: Salt rheuma, scrofula, ulcerated scrofula, bronchitis, fever sores, king's evil, erysipelas— inflammatory and chronic rheumatism, piles, biles, scurvy, chronic sore eyes, blotches or pimples on the face, scald head, and all cutaneous diseases, eruptions of the skin, or pains or ulcers arising from an injudicious use of mercury or an impure state of the blood.
This medicine is purely vegetable matter, and warranted free from any ingredient detrimental to health. Its curative properties consist in its producing a sure and effectual alternative of the whole system almost imperceptibly to the patient. It has not failed in a single case of effecting a permanent cure of the above named diseases, when the party using it would follow the directions and continue its use for a sufficient length of time. Experience has proved that in slight eruptions of the skin, or for piles or erysipelas one small bottle has effected a cure, while in obstinate cases it will take from two to four large bottles. It has been found entirely efficacious in producing regularity of the menses in females, and has been taken with great benefit in pulmonary diseases.

In addition to its great efficacy in eradicating disease, it is the cheapest of the kind ever offered to the public, as the extract is brought into so small a compass that a small bottle will last an adult from twelve to fourteen days, a large bottle about four weeks; while of the others, more than double in cost of the article, will be taken in the same time. It has been fully tested by many of the first physicians in the State of New York, and now used very extensively in their practice, and by them pronounced the most efficacious compound ever discovered from vegetable matter.
Persons while in its use, should abstain from all stimulating drinks. Strong beer, mustard and highly seasoned food.
DIRECTIONS.
For a child one year old, a small tea-spoon full.—
Two years old, a large tea-spoon full. From six to ten years old, two tea-spoons full. From ten to fifteen years, two thirds of a table-spoon full, and for an adult from one to two table-spoons as it may be found best to act upon the system; one table-spoon is quite enough in almost all cases, to be taken before eating in the morning.
It can be procured of the General Agent, THOMAS G. TALMAGE, No. 20 Pine street, opposite the Custom House, New York.
And of
Z. D. GILMAN, Druggist, Penn. Avenue, agent for the District. A great number of letters and certificates may be seen by application to the agents, of the astonishing cures by its use.
